## Statement of directors' responsibilities in respect of the directors' report and the financial statements

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice) including FRS 101 *Reduced Disclosure Framework*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that year. ## Notes

*to the financial statements*

### **1 Statement of compliance**

Maybourne Mezzanine Holdco Limited is a company incorporated in the UK. The company's registered office is 41-43 Brook Street, Mayfair, London, W1K 4HJ.

These financial statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101").

These financial statements are presented in sterling, being the functional currency of the Company. All financial information presented in sterling has been rounded to the nearest thousand, except where otherwise stated.

### **2 Significant accounting policies**

#### **Basis of preparation**

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("EU IFRSs"), but makes amendments where necessary in order to comply with the Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions have been taken.

In these financial statements, the Company has adopted certain disclosure exemptions available under FRS 101. These include:

- a cash flow statement and related notes (para 8(h));
- disclosures in respect of the compensation of key management personnel (para 8(j));
- disclosures in respect of transactions with wholly owned subsidiaries (para 8(k));
- certain comparative information (para 8(f)); and
- the effects of new but not yet effective IFRSs (para 8(i));

As the consolidated financial statements of Coroin Limited include the equivalent disclosures, the Company has also taken the exemption under FRS 101 available in respect of the following:

- certain disclosures required by IFRS 13 *Fair Value Measurement* and the disclosures required by IFRS 7 *Financial Instrument Disclosures*.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

## Notes (continued)

### 2 Significant accounting policies (continued)

#### **Basis of measurement**

The financial statements have been prepared on the historical cost basis.

#### **Use of estimates and judgements**

In preparing these financial statements management has made judgements, estimates and assumptions that affect application of the company accounting policies and the reported amounts of assets, liabilities, income and expenses. Such estimates and judgements are based on historical experience and other factors, including expectation of future events that are believed to be reasonable. Actual outcomes may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

#### **Going concern**

The group headed by Coroin Limited ('the Group') has considerable financial resources. As a consequence, the directors believe that the Group is well placed to manage its business risks successfully.

After making enquiries, and taking into account the support assured by Coroin Limited, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

#### **Taxation**

The income tax expense comprises current and deferred tax. It is recognised in the income statement except to the extent that it relates to items recognised in OCI or directly in equity, in which case it is recognised in OCI or directly in equity.

Current tax is the expected tax payable on the taxable income for the year using tax rates and laws that have been enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences: those differences arising from the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit, and differences relating to investments in subsidiaries to the extent that the Group is able to control the timing of reversal and it is probable that they will not reverse in the foreseeable future.

# Maybourne Mezzanine Holdco Limited

## Notes *(continued)*

### 2 Significant accounting policies *(continued)*

#### **Taxation** *(continued)*

A deferred tax asset is recognised to the extent that it is probable future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

#### **Non-derivative financial instruments**

##### *Loans and receivables*

These assets are initially recognised at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, they are measured at amortised cost using the effective interest method.

##### *Cash and cash equivalents*

Cash and cash equivalents comprise cash balances and call deposits with maturities of three months or less.

Cash equivalents are short-term highly liquid investments with an original maturity of three months or less from the date of acquisition that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

##### *Non-derivative financial liabilities*

Non-derivative financial liabilities are initially recognised at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method.

##### *Ordinary shares*

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

Ordinary dividends are recognised in the period in which they are paid to shareholders.
