PL Management Limited

Notes to the Financial Statements For the Period Ended 30 January 2016

1. Accounting policies

1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

Information on the impact of first-time adoption of FRS 102 is given in note 18.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies.

Application of FRS 102 is required for all accounting periods beginning on or after 1 January 2015 (the effective date). This is the first year of adoption for both the Group and Company. In accordance with section 35.6 the standard has been applied to all comparatives (reported balances for financial periods ending 31 January 2015 and 1 February 2014) and related information.

PL Management Limited is controlled by Harrods Estates Limited. Harrods Estates Limited is a wholly owned subsidiary of Harrods Limited, which produces Group accounts in accordance with the Companies Act 2006. Consequently the company has taken advantage of the exemption permitted by section 400 of the Act from producing group accounts. These accounts therefore present information about the company and not about its group.

The following principal accounting policies have been applied:

1.2 Financial reporting standard 102 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of Harrods Limited as at 30 January 2016 and these financial statements may be obtained from the Registrar of Companies.

1.3 Turnover

Property management fees are recognised in the period in which the service is provided.

1.4 Investments

The company accounts for their fixed asset investments at the lower of cost or directors' valuation less any provision required for permanent diminution in value.

Harrods Estates Paris SA was incorporated on 18 July 2013 to undertake the asset management of commercial buildings in Paris.

1. Accounting policies (continued)

1.5 Current and deferred taxation

Deferred tax is recognised on all timing differences where the transactions or events that give the company an obligation to pay more tax in the future, or a right to pay less tax in the future, have occurred by the balance sheet date. Deferred tax assets are recognised when it is more likely than not that they will be recovered. Deferred tax is measured using rates of tax that have been enacted or substantively enacted by the balance sheet date.

7. Taxation (continued)

Factors affecting tax charge for the period

The tax assessed for the period is higher than (2015 - higher than) the standard rate of corporation tax in the UK of 20.16% (2015 - 21.32%). The differences are explained below:

	52 weeks ended 30 January 2016 £	52 weeks ended 31 January 2015 £
Profit on ordinary activities before tax	<u>294,435</u>	<u>313,167</u>
Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 20.16% (2015 - 21.32%)	59,363	66,778
Effects of:		
Expenses not deductible for tax purposes	150	91
Impact of tax rate changes	(46)	89
Total tax charge for the period	<u>59,467</u>	<u>66,958</u>

The standard rate of tax applied to profit on ordinary activities is 20.16% (2015: 21.32%). The tax rate for the year has reduced following the gradual reduction of the corporation tax rates introduced in Finance Act 2013, with a tax rate of 20% applicable from 1 April 2015.

Following the substantive enactment of Finance (No. 2) Act 2015 on 18 November 2015, future tax rates will further decrease from 20% to 19% from 1 April 2017 and then down to 18% from 1 April 2020. As a result, deferred tax balances have been calculated using 18% on the basis that the assets/liabilities are expected to unwind over a number of years.

On 16 March 2016 the Chancellor of the exchequer announced in his Budget that corporation tax rates will further decrease to 17% and this will replace the expected decrease to 18% from 1 April 2020.

Deferred Tax

Deferred tax provided for at 18% (2015: 18% and 20%) in the financial statements is set out below:

Explanation of changes to previously reported profit and equity:

1 Holiday pay accrual

Under previous UK GAAP, the company did not accrue for any holiday pay earned where holiday entitlement was expected to be taken in the subsequent financial year. Under FRS 102, the company is required to accrue for all short-term compensated absences as holiday entitlement earned but not taken at the date of the statement of financial position. The impact is the recognition of a holiday pay accrual on the BS (creditors due within one year) of £9,044 and £10,924 as at 31 January 2015 and 1 February 2014 respectively, and in the P&L – Administrative expenses credit £1,879 as at 31 January 2015.

2 Long service awards

Under UK GAAP there is no specific requirement to recognise long service awards, however, FRS102 specifically identifies these employee benefits under section 28.29 (a) and their required recognition is detailed under section 28.30. The impact is the recognition of a long service award provision of £11,750 and £8,388 at 31 January 2015 and 1 February 2014 respectively, and in the P&L – administrative expenses £605 as at 31 January 2015, and reflects the present value of the benefit obligation at the reporting date.
